

3D Cell Culture User Day in Tartu

CORNING

22.05.2024

Nooruse 1, Tartu, Estonia, room 121

The world of 3D cell culture is exploding. More and more scientists are embracing this emerging technology to generate innovative 3D models never before possible. Therefore we would like to invite you to listen and discuss about the developments in this field.

Join us at this exciting free event and **Rock the Science of 3D!**

Between all participants a 3D experiment setup will be drawn, including free consumables and application support.

Agenda

- 10:00 - 10:05 Welcome
- 10:05 - 10:45 S. E. Metzger "2D vs 3D, ways to form 3D cultures"
- 10:45 - 11:30 D. Lavõgina "Preparation and use of spheroids for monitoring in vitro effects of endocrine disruptors, ionizing radiation, and chemotherapeutic or targeted drugs"
- 11:30 - 12:15 Coffee & snacks, exhibition
- 12:15 - 13:00 S. E. Metzger "How to elevate your 3D with Corning. Application examples"
- 13:00 - 13:45 S. Kodithuwakku "Modelling Polarity Paradox of the Endometrium using 3D in vitro Cell Cultures"
- 13:45 - 14:00 Closing words, prize lottery
